THE SPRIG  and SPROUT STORY

## A Long Time Ago In Falls Church, Virginia...

A free spirited daughter of Vietnamese immigrants met a strong and gallant adventurer. She made him laugh and introduced him to curious food, while he showered her with affection and showed her the world.

Overtime, they fell in love and decided to make their union official. So, they called their parents and promptly ran off to open Sprig and Sprout, the world's first truly Viet-American restaurant.

Born out of love for food, family and fun, Sprig and Sprout delivers all your Vietnamese favorites in a uniquely American way. We take care to make your dining experience comforting, and smart, because that's how we like to eat too.

RELAX, ENJOY AND FALL IN LOVE.  
WE'RE SO GLAD YOU COULD JOIN OUR STORY.
